Kalispell Office  
126 N. Meridian Road  
Kalispell, MT 59901

Missoula Office  
2401 N. Reserve St.  
Missoula, MT 59801

What services are operating?  
The American Red Cross of Montana continues to serve people who have experienced a home fire or other natural disaster, are seeking information on CPR, First Aid and other training, are service members or family members in need of assistance, and/or are interested in donating blood products. Please contact us at 800-272-6668 at any time of day.

**Blood Donations are needed with expanded hours in place at each location.**

What services are suspended and what are your limitations?  
None of our critical mission services are suspended at this time. As an important note, the American Red Cross does not provide COVID-19 tests. If you are experiencing symptoms of COVID-19, please contact your doctor or healthcare professional.
What need do you have for community volunteers if any?
There is a critical need for blood donations and we are still collecting blood. To date, 99 blood drives have been canceled resulting in about 170,000 fewer blood donations. **PLEASE MAKE A BLOOD DONATION AND ENCOURAGE YOUR NETWORKS TO DO THE SAME.** Healthy volunteers are urged to donate now to help patients counting on lifesaving blood. Please download our Blood Donor app or go to www.redcrossblood.org. We are also in critical need of additional locations to host blood drives. We have set up extra precautions to keep our donors and staff as safe as possible. Please let us know of any potential locations.

What other changes should we be aware of?
None
Is there a URL on your webpage with current operational updates?
